

# Virtual Camp

Set up camp first! It's time get your tent or den ready for tonight's sleep-out or sleepover.

Design a flag about you and show off all the things that make you unique. Use your imagination then share your flag & fasten it to your tent or den.

Get ready for our virtual campfire tonight. It can be a fake fire, so you could draw one, make one, bake one or have a real fire (with an adult).

Maybe you'll have hot chocolate & marshmallows too!

Don't forget to share your pictures with us throughout the day!
