

Toadstool Challenge

Make, Discover, Create

Hadlow Fields is our Girlguiding Wirral County Campsite.

We are lucky enough to have Fairies who come & stay with us most years.

They haven't been able to come this year, so instead they have set 3 challenges to do on the theme of toadstools. For those who complete the challenges there's an opportunity to buy a badge to support Hadlow Fields.

There's a make, a discover and a create activity.
(For all ages 5-105yrs!)

Make, recycle, sew or stitch, design or bake without a hitch!
Challenge yourself to learn a new skill to make your Toadstool.

Discover & share 10 fascinating or fun facts about fungi.
Share your toadstool facts in an interesting way.

Create your own 'Toadstool Tale'!
Include the words fairy, toadstool & wood in your tale.
500 word max. Creativity is what's important.

Share your challenge results with us!
